Hydrobiologia

The International Journal on Limnology and Marine Sciences

Volume 463, 1 November 2001

Theme

Aquatic Oligochaete Biology VIII

Proceedings of the 8th International Symposium on Aquatic Oligochaeta, held in Bilbao, Spain 18–22 July 2000

Guest Editors

Pilar Rodriguez & Piet F. M. Verdonschot

Preface xi–xii

List of participants xiii–xvi

Group photograph xvii

Some personal memories of Dr Gilberto Righi (1937–1999)
Martin L. Christoffersen xix

Scientific profile of Dr Gilberto Righi
Pilar Rodriguez xx

In memoriam: Professor Perry C. Holt, PhD (1910–1999)
Stuart R. Gelder xxi–xxiii

PART ONE: TAXONOMY

Descriptions of three *Pristina* species (Naididae, Clitellata) from Amazonian forest soils, including *P. marcusi* sp. nov.
Rut Collado, Rüdiger M. Schmelz 1–11

A new lumbriculid genus and species from North America (Clitellata, Lumbriculidae)
Steven V. Fend, Daniel L. Gustafson 13–22

Taxonomical survey of some stygobiont oligochaetes from the eastern part of France, including description of a new species
Jacques Juget, Michel des Châtelliers 23–28

A preliminary study of oligochaetes in Poyang Lake, the largest freshwater lake of China, and its vicinity, with description of a new species of *Limnodrilus*
Hongzhu Wang, Yanling Liang 29–38

New alluroidids (Annelida, Clitellata) from Guyana
Pietro Omodeo, Kathryn A. Coates 39–47

PART TWO: DIVERSITY AND DISTRIBUTION

Notes on the diversity and distribution of Australian Naididae and Phreodrilidae (Oligochaeta: Annelida)
Adrian Pinder 49–64

Oligochaetes in southern European groundwater: new records and an overview
Narcisse Giani, Beatrice Sambugar, Pilar Rodriguez, Enrique Martínez-Ansemil 65–74

Oligochaete communities in the hyporheic zone of a glacial river, the Roseg River, Switzerland
Michel Lafont, Florian Malard 75–81

Oligochaetes in Lake Towada, Japan, an oligotrophic caldera
Akifumi Ohtaka 83–92

Distribution and dispersal capacity of the Ponto-Caspian tubificid oligochaete *Potamothrix moldaviensis* Vejdovský et Mrázek, 1903 in the Baltic Sea region
Göran Milbrink, Tarmo Timm 93–102

PART THREE: MORPHOLOGY AND EMBRYOLOGY

Temporal pattern of the double sperm line production in *Tubifex tubifex* (Annelida, Oligochaeta)
Silvia Boi, Marco Ferraguti 103–106

External structures used during attachment and sperm transfer in tubificids (Annelida, Oligochaeta)
Sergio Cuadrado, Enrique Martínez-Ansemil 107–113

Mysterious "crystals": found attached to the epidermal peritoneum of marine tubificid (Annelida: Clitellata) species
Kathryn A. Coates, Debra A. Sorocco, Nicole Maturen, Jaret Bilewitch, Aaron Thompson 115–122

Pattern formation in embryos of the oligochaete annelid *Tubifex*: cellular basis for segmentation and specification of segmental identity
Takashi Shimizu, Kaoru Kitamura, Asuna Arai, Ayaki Nakamoto 123–131

PART FOUR: FEEDING BIOLOGY AND REPRODUCTION

Selective feeding by the aquatic oligochaete *Tubifex tubifex* (Tubificidae, Clitellata)
Pilar Rodriguez, Maite Martinez-Madrid, Jesús Angel Arrate, Enrique Navarro 133–140

Cocoon deposition of *Rhyacodrilus hiemalis* Ohtaka (Tubificidae) in Lake Biwa, Japan
Tetsuya Narita 141–148

PART FIVE: ECOTOXICOLOGY AND BIOACCUMULATION

Utility and relevance of aquatic oligochaetes in Ecological Risk Assessment
Peter M. Chapman 149–169

***Tubifex tubifex* as a link in food chain transfer of hexachlorobenzene from contaminated sediment to fish**
Philipp Egeler, Michael Meller, Joerg Roembke, Peter Spoerlein, Bruno Streit, Roland Nagel 171–184

Bioaccumulation of lindane and hexachlorobenzene by the oligochaetes *Enchytraeus luxuriosus* and *Enchytraeus albidus* (Enchytraeidae, Oligochaeta, Annelida)
Eric Bruns, Philipp Egeler, Joerg Roembke, Adam Scheffczyk, Peter Spoerlein 185–196

PART SIX: ECOLOGY

Spatial and temporal variations of oligochaetes of the Ivinhema River and Patos Lake in the Upper Paraná River Basin, Brazil
Maria Célia Montanholi-Martins, Alice M. Takeda 197–205

The distribution and ecology of littoral Oligochaeta and Aphanoneura (Annelida) of the Natural and Historical Reserve of Isla Martín García, Río de la Plata River, Argentina
Laura C. Armendáriz, Inés I. César 207–216

Effects of *Nais elinguis* on the performance of an activated sludge plant
Christa H. Ratsak 217–222

Half a century of oligochaete research in Estonian running waters
Tarmo Timm, Ado Seire, Peeter Pall 223–234

Oligochaeta of the Morava and Odra River basins (Czech Republic): species distribution and community composition
Jana Schenková, Ondřej Komárek, Světlana Zahrádková 235–240

Effect of hydraulics, bed load grain size and water factors on habitat and abundance of *Narapa bonettoi* Righi & Varela, 1983 of the Upper Paraná River, Brazil
Alice M. Takeda, José C. Stevaux, Daniele S. Fujita 241–248

Hydrology and substrates: determinants of oligochaete distribution in lowland streams (The Netherlands)
Piet F. M. Verdonschot 249–262
